**TERMS AND CONDITIONS:**

**PROGRESSIVE BILLING MAY APPLY**

All products sold come with the original manufacturer's warranty. Builder's Stone & Masonry makes no implied warranties about the goods sold. By accepting the goods accompanying this estimate, purchaser agrees to pay interest on any past due balances at the rate of 1.5% per month, together with all costs of collections, including reasonable attorney fees.

**NOTICE TO OWNER:**

Sipco-BSM is a supplier or subcontractor providing materials or labor on the aforementioned project under an agreement with Utah law will allow this supplier or subcontractor to file a lien against your property for materials or labor not paid for by your contractor. Prices are void if contract is not signed and returned within 14 days of date above.

**ACCEPTANCE OF CONTRACT**

The above prices and conditions are satisfactory and hereby accepted.

**WARRANTY DISCLAIMER**

All of our masons are fully insured and provide a 1 year limited warranty on their stone installation. The following attributes are considered to enhance the character of the stone and should not be considered faults in installation: varying grout sizes, cut pieces, distribution of color tones and seeping mortar (dry stack). These labor warranties DO NOT cover any circumstances uncontrollable by the installer. This includes damaged or cracked stone due to: Heaving concrete, shifting/twisting of columns framed with non-masonry products, acts of God. Excessive settlement of building and cracked corners on columns are the most common repair due to construction, not installation.

BSM is not responsible for water-proofing. Our stone products along with masonry grout, do allow minimal water penetration. Upon completion of all exterior projects, it is recommended that the customer caulk any areas of concern. These areas may include, but are not limited to: where water edge meets siding, stone meets windows, or stone meets any other non-masonry material.
